This opinion is an investigation and therefore has technical limitations, as well as inaccuracies, inherent in the field/ site/ human error and statically analysis of technical process. It should also be viewed in this perspective. This is only a technical opinion report as regards the estimate of value of the property, and not a Guarantee of realization of this value. As per the engineering principles and with much care and opinion as regards the estimate value of the property, is worked out, due weightage having being given to the verbal enquiries from local & dependable agencies from locality, for which no written proof can be procured / produced of obvious reasons. Reference taken from Current Circle rate fixed by the district authority copy procured encl. Brief specification of the construction and material used in the construction of the building have been discussed in Annexure - 'A' of the valuation report.

There is no mathematical formula by which the market rates for the purpose of valuation may be worked out. It depends upon so many factors such as the use, situation, area, land, level, frontage, dimensions, civic Amenities etc. nearby the valued Pty/ land.

In determining and adopting the rates of land following above/ below factors have been considered:

1. That the latest circle rate of land in this area are Rs. 3,000/- to Rs. 3,500/- per Sq. Mt. Depending upon the location usability of the Pty.
 2. That the property under opinion is located A East Facing Property wherein a DAIRY FARM (I.C.L. KAMDHENU DAIRY FARM) in Village Gaurau Akha- Gaini Road Block- Kyara, Tehsil & Distt. Bareilly.
 3. Market rates in this area are Rs. 3,000/- to Rs. 4, 000/- Sq. Mt. depending upon the location of the Pty.
- So keeping in view all the above factors, I am adopting Rs. 3,000/- Per Sq Mt. as the fair and safe market rates for the property under valuation.

Area of Land : 15608.00 Sq. Mt.

Valuation of Land : 15608.00 Sq. Mt. @ Rs. 3,000/-

Rounded off:-

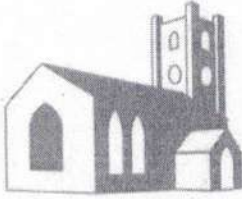

= Rs. 4,68,24,000/-

= Rs. 4,68,00,000/-

Valuation of the Land

The value of the property is based on the information and particulars furnished by the owner's and in addition to site inspection. The property is situated on the A East Facing Property wherein a DAIRY FARM (I.C.L. KAMDHENU DAIRY FARM) in Village Gaurau Akha- Gaini Road Block- Kyara, Tehsil & Distt. Bareilly. The valuation pertains to the entire piece of land. All measurements are subject to statistical variations. This opinion is an investigation and therefore has technical limitations, as well as inaccuracies, inherent in the field/ site/ human error and statically analysis of technical process. It should also be viewed in this perspective. This is only a technical opinion report as regards the estimate of value of the property, and not a Guarantee of realization of this value. As per the engineering principles and with much care and opinion as regards the estimate value of the property, is worked out, due weightage having being given to the verbal enquiries from local & dependable agencies from locality, for which no written proof can be procured / produced of obvious reasons. Reference taken from Current Circle rate fixed by the district authority copy procured encl. Brief specification of the construction and material used in the construction of the building have been discussed in Annexure - 'A' of the valuation report.

There is no mathematical formula by which the market rates for the purpose of valuation may be worked out. It depends upon so many factors such as the use, situation, area, land, level, frontage, dimensions, civic Amenities etc. nearby the valued Pty/ land.

In determining and adopting the rates of land following above/ below factors have been considered:

2. That the property under opinion is located A East Facing Property wherein a DAIRY FARM (I.C.L. KAMDHENU DAIRY FARM) in Village Gaurau Akha- Gaini Road Block- Kyara, Tehsil & Distt. Bareilly.
3. Market rates in this area are **Rs. 3,000/- to Rs. 4, 000/- Sq. Mt. depending upon the location of the Pty.**

So keeping in view all the above factors, I am adopting Rs. 3,000/- Per Sq Mt. as the fair and safe market rates for the property under valuation.
